REPORT

FROM

THE SECRETARY OF THE TREASURY,

In obedience to a resolution of the Senate of the 16th of June last, with statements showing the amount of land scrip issued, (satisfied and unsatisfied) to the officers and soldiers of the Virginia line and navy, and of the continental army, during the Revolutionary War.

December 8, 1834.

Read, and ordered to be printed with the documents.

General Land Office,
15*th November*, 1834.

Sir: In obedience to the resolution of the Senate bearing date the 16th of June last, and which is in the following words, viz:

"*Resolved*, That the Secretary of the Treasury be directed to report to the Senate, at its next session, the total quantity of certificates or scrip issued under the act entitled 'An act for the relief of certain officers and soldiers of the Virginia line and navy, and of the continental army, during the revolutionary war,' and under the subsequent acts containing appropriations of land to the same object, also the number of certificates, the quantity in each, and to whom granted, distinguishing the line or service to which the officer or soldier belonged, to whom or to whose representatives the same was granted; and likewise the names of the several agents who presented the warrants and obtained the certificates of scrip, and stating the respective amounts of certificates of scrip granted on duplicate and original warrants. And the said Secretary is further directed to report a similar statement in respect to all warrants which have been filed or officially presented, but upon which certificates of scrip have not yet been issued."

I have the honor to submit, herewith, three statements, marked A, B, and C, which contain the information required.

N 845

The statement A contains all the information in relation to warrants granted by the State of Virginia for military services rendered in her State line and navy.

The statement B contains all the information in relation to warrants granted by the same State, for military services rendered in her continental line, and

The statement C contains all the information in relation to warrants filed or officially presented, upon which certificates of scrip have not yet been issued, there being no appropriation.

No statement has been prepared as respects the warrants issued by the United States, they not being considered as embraced in the resolution, because the 6th section of the act of 30th May, 1830, provides for the satisfaction of warrants issued by the United States without any limitation as to the quantity of land, and further because the act entitled "an act for the sale of the unlocated lots in the fifty quarter townships in the United States military district in the State of Ohio, reserved to satisfy warrants granted to individuals for their military services;" approved 3d July, 1832, disposed of the land heretofore specially set apart for satisfying them. The number of warrants of this discription which have been satisfied by scrip since the 30th May, 1830, up to this day, amount to 648, embracing a quantity of land of 97,750 acres, which, at the rate of one dollar and twenty-five cents per acre, amounts to 122,187 dollars 50 cents.

The number of certificates issued on those warrants amount to 1,641.

All which is respectfully submitted.

ELIJAH HAYWARD.

TREASURY DEPARTMENT,

December 6th, 1834.

SIR: In obedience to a resolution of the Senate, of the 16th of June last, directing a report from this department of "the total quantity of certificates or scrip issued under the act entitled 'An act for the relief of certain officers and soldiers of the Virginia line and navy, and of the continental army during the revolutionary war,' and under subsequent acts, containing appropriations of land to the same object, also the number of certificates, the quantity in each, and to whom granted, distinguishing the line or service to which the officer or soldier belonged, to whom or to whose representatives the same was granted: and likewise the names of the several agents who presented the warrants, and obtained the certificates of scrip granted on duplicate and original warrants," and directing "a similar report in respect to all warrants which have been filed or officially presented, but upon which certificates of scrip have not yet been issued;" I have the honor to transmit, herewith, a report from the Commissioner of the General Land Office, to whom the resolution was referred. It appears that under the different acts on the subject, scrip has issued on warrants, for services in the Virginia State line to the amount of 525,502$\frac{61}{100}$ acres, and there are filed in the

office of the Commissioner of the General Land Office warrants for 483,722 acres, issued for services in the revolutionary war, by the State of Virginia, and for satisfying which, no provision has been made.

I have the honor to be,
Sir, very respectfully,
Your obedient servant,
LEVI WOODBURY,
Secretary of the Treasury.

Hon. MARTIN VAN BUREN,
Vice President of the United States,
and President of the Senate.

A.

Statement exhibiting the amount of Military Land Scrip issued to the "Act for the relief of certain officers and soldiers of the Virginia line and under the subsequent acts containing appropriations of land to the rank; No. of warrant; amount of acres; acres due on the warrant; num- of acres embraced in the fractional certificate issued on each warrant; whom it was issued; and the name of the agent to whom the same
